Message from the Managing Director

Business operations in our country in 2010 called for mindfulness, wisdom, perseverance, and great patience in order to sail through crises and violent events. We had to face all kinds of negative factors from internal political unrest to the bath appreciation that reached its highest level in 13 years, the ever-rising oil prices, and the most severe flood crisis towards the end of the year.

Nevertheless, by adopting of His Majesty the King's "sufficiency economy" philosophy and adhering to the company's core policy of "fairness" in businesses management, and with the concerted effort of all the parties involved, we were able to achieve highly satisfactory performance in 2010. The value of premium received was at record high, at twenty billion Baht, with a growth rate of 16.34%, higher than the 13.54% of the non-life insurance industry. As with the previous years, we retained the highest market share for the nineteenth consecutive year. This testifies to our clients' ongoing confidence and trust in our company.

In 2011, the focus will be on the expansion of the Non-Motor Group. We see great potential and anticipate a high demand in the Non-Motor market, especially in the miscellaneous category. To ensure efficiency in business expansion, we have made great effort to speed up the development of support elements in various aspects. This includes human resource, information technology, and product development as well as the development of distribution channels and customer service. Such development schemes were carried out under the concept of "growing with quality" and in keeping with the current economy. We will exercise prudence and rational judgment, take into consideration the interest of

all stakeholders along with social responsibilities, and operate our business with integrity, fairness, transparency, and strait forwardness, in line with the guideline of the Office of Insurance Commission.

On behalf of the Board of Directors of the company, we would like to extend our warmest thanks to our clients, agents, brokers, business partners, the media, government and private agencies, the management, and all employees for the support and effort that are the driving forces behind the company's ongoing success. I sincerely look forward to your continued trust and support.

A handwritten signature in black ink, appearing to read 'S. Thongthew', with a stylized flourish above the letters.

(Ms. Suvaporn Thongthew)
Managing Director

Milestones of Success

Viriyah Insurance has effectively nurtured the knowledge, expertise, and experiences of its employees and organizations, along with their professional development and career advancement. We have been the market leader for 19 consecutive years.

Milestones of Success

1947

February 3, 1947

Viriyah Insurance Company Limited was incorporated under the name Asiatic Distributing Company Limited with 5 million Baht paid-up capital. At the beginning, the company offered two major insurance classes, fire insurance and marine and cargo insurance.

1974

January 14, 1974

The name of the company was changed to “Asiatic Distributing Insurance Company Limited

1979

January 16, 1979

The company expanded its insurance business to include car insurance and miscellaneous insurance in order to serve the growing Thai economy and ensure the security of Thai people and communities. The company was then renamed “Viriyah Panich Insurance Company Limited.”

1982

February 22, 1982

To become a professional non-life insurer, the company was renamed once again to be “Viriyah Insurance Co., Ltd.” and has since operated its business under this name, which has gained the acceptance and trust of the Thai people all along.

1987

The year of pride, as the company reached the number one position in the car insurance company for the first time. This position has been maintained until the present day.

1987

1992

The company once again achieved great success in the non-life insurance business with the top ranked position in the entire non-life insurance market. The company has maintained this market leadership until today.

1992

At Present

Viriyah Insurance is Thailand's number one non-life insurance company that has maintained its leadership in the industry over a long period of time. This truly shows its outstanding professionalism in the non-life insurance industry.

Industry Overview and Outlook

The non-life insurance industry has a more positive outlook in 2011. People with low-income will be able to buy insurance under the Micro Insurance Project. The regulatory criteria of the office of Insurance Commission will contribute to the Long-term security of insurance companies.

Overview of Non-life Insurance Industry in 2010 and Outlook in 2011

Non-life Insurance business operations in 2010 enjoyed greater success than anticipated, with a record high double-digit growth rate of 13%, despite the impact of internal political conflicts and flood problems toward the end of the year. The low benchmark in 2009 contributed partially to this unprecedented growth rate. Other positive factors include economic expansion with the automotive industry witnessing a 30% growth rate. This gave insurance companies an opportunity to enjoy increased revenues from both insurance business and from management of returns on investment, which went up along with the economic recovery. In addition, our proactive effort to increase distributional channels together with the design of new products that are not complicated and convenient for buyers, such as the Type 3 Voluntary Car Insurance, the Personal Accident Insurance, and the Health Insurance schemes, resulted in our ability to reach a large number of customers concurrently. All these positive factors constituted the key drivers that led to the unprecedented growth of the non-life insurance business in 2010.

As for the outlook for 2011, the growth rate is expected to be at 12%, dropping from that of the previous year due to the high benchmark in 2010 and other negative factors such as the fluctuating economy in countries that are our trade partners, the baht appreciation that has direct impact on the export sector, the rising interest and inflation rates, natural disasters, political vulnerabilities that could lead to international conflicts, and violence in the Middle East. This is not to mention circumstantial factors within the non-life insurance industry itself, such as the increasing claims, especially in the small car or city car category, which results in insurance companies having to bear the burden of increasing cost. All of these are challenges that will affect the growth of the non-life insurance business in 2011.

In general, it is anticipated that in 2011 the market trend of the non-life insurance business will lean more toward the Person Line, with increasing competition in terms of innovative development with more non-life insurance products that respond to the increasing risks, needs, and purchasing power of buyers. Some of these products include the various personal accident insurance schemes; income compensation schemes; insurance protection schemes against terrorism and floods; crop protection insurance; and various other product options including micro insurance. With regard to the new regulation of the Office of Insurance Commission, the required minimum maintenance of 125% of RBC funds will apply to the non-life insurance business for the first time on 1 September 2011. Initially, this may have direct impact on non-life insurance companies without sufficiently strong financial conditions. However, in the long run, this should prove to be of benefit to the non-life insurance business as a whole, giving it security while at the same time setting the standard and increasing the public confidence in the non-life insurance business.

Business Operations and Success in 2010

Development and Success in 2010

2010 was a year of great success and pride for Viriyah Insurance as the company's direct insurance premium reached the 20 billion Baht mark for the first time and the company continued to be the market share leader in the non-life insurance business for the 19th consecutive year. These achievements testify to the customers' continued trust and confidence in the company. Important accomplishments include:

1. Record high direct insurance premium of twenty billion Baht

This represents another milestone reached by the company as it becomes the first non-life insurance company to achieve twenty billion Baht direct insurance premium. This achievement confirms its leadership in this business and its position as a non-life insurance company whose services are highly recognized and trusted by most policy holders and the general public.

2. Market leadership in non-life insurance business for nineteen consecutive years

The company has held this number-one position for nineteen consecutive years with the current market share of 16.34%. This is particularly true for the car insurance business in which it has gained the confidence and trust of most people and has maintained its market leadership for twenty-four consecutive years, currently enjoying the market share of 24.93%.

3. Above-target Results for Non-Motor Insurance Business

The non-motor insurance business achieved above-target results with premium of 1,816 million Baht. The average growth rate was 35.02%, with the miscellaneous insurance category recording the highest growth rate of 42.99%.

4. Information System Improvement for Full Support of Non-Life Insurance Business

In order to provide support for products in both the motor and non-motor categories, the company has made improvement on its entire information system to accommodate the work of various functions as follows:

- The Claim on Mobile Phone Program to give customers convenient and quick services
- A work management program for authorized repair facilities has been developed, which can be used for repair price checking, spare part ordering, and on-line transmitting of repair work data. This gives repair centers convenience and reduces repair time and work procedures. Moreover, customers can follow up on every stage of repair status.
- The Investment Management Program, to ensure that the company's investment is efficient, in line with the company policies, and in compliance with the regulations of the Insurance Commission.

5. Establishment of Insurance Professional Training and Development Center

In recognition of the value and importance of human resources, the company set up the Insurance Professional Training and Development Center (IPDC) to provide training for its employees and other insurance-related personnel such as agents and brokers. The aim is to transfer knowledge, skills, and experiences in the insurance profession as well as to offer useful ideas to motivate them to increase efficiency in their work and their life. New courses are constantly added to be appropriate and in keeping up with the changing situation and knowledge.

6. More Branches to Increase Service Coverage Areas

Recognizing the value of convenient and speedy services for its customers, in 2010 the company opened five new branches in Bangkok and other provinces as follows:

Bangkok and Vicinity

- Kanchanaphisek Branch near the Mall Bang Khae, to accommodate business expansion on the Thonburi side of the city, around the Chim Phli Interchange
- Thepharak Branch, on Thepharak Road, Bang Sao Thong District, Samut Prakan Province
- Khlong Luang Branch, to provide services for customers in Rangsit and Thai Market areas in Pathumthani Province

Other Provinces

- Chiang Rai Branch, on Paholyotin Road, San Sai, Chiang Rai Province
- Krabi Branch, in Muang District, Krabi Province, to provide services for important southern provinces.

At present, Viriyah Insurance is a non-life insurance company with a network of 115 centers and branches to provide services for its customers - the highest number in the country. These centers and branches, located in over 60 important provinces, are there to provide accessible, convenient, and speedy services of the same standard throughout the country.

Recognized Reputation

At present, Viriyah Insurance Co., Ltd. is the number one non-life insurance company in Thailand that has continuously retained its leadership over a long period of time. The company has gained the trust and confidence of over three million customers through its first-class, distinguished services with special attention given to every stage of the service and unfailing innovative development intended to enhance customer service efficiency. Thus, Viriyah Insurance has gained a good reputation for several aspects of its excellent service:

Ethical Practices and Integrity

For over 64 years in the non-life insurance business, Viriyah Insurance has consistently adhered to the “Fairness Is Our Policy” principle. The company is proud of its risk distribution role based on fairness, integrity, and contributions to society, with consideration given to the interests of all stakeholders, true to the intention of its founder to:

**“ Do business for a better society,
not for personal wealth accumulation
Without concern about the impact on the public.
A good business must be profitable,
but a line has to be drawn.
Doing business with virtue means
acquiring business gains
Without taking advantage of others. ”**

Outstanding Customer Services

Having the largest network in the industry: The company has over 115 claim service centers and underwriting branches in every region and all important provinces to provide the most convenient and efficient service with maximum efficiency to customers.

Having convenient, fast, and fair claim approval process: Because the company is aware of the difficulties customers face after accidents; convenient, fast, and fair payment process is given a top priority in parallel with insurance selling activities. As a result of the company's determination to streamline the work process for greater service efficiency, claim service centers have been authorized to approve claim payments up to 200,000 baht for immediate relief from difficulties of all the parties involved with no need for approval from the Head Office.

24 Hour Service with Quick Response Time: Road accidents can cause damage to customers and other road users. This is not to mention traffic congestion, loss of time, and energy costs. This explains why the company has given significance to work system development and the use of new technology to help our claim surveyors to arrive at the scenes of accident promptly to provide services for customers as soon as possible. Our hot line number is 1557 and our call center provides around the clock service.

425 company-certified vehicle repair facilities nationwide: Our preferred vehicle repair facilities are chosen and maintained based on a very stringent selection process, in terms of repair work quality, services, spare parts, tools, materials and advanced repair technology such as the use of durable 2K paint systems. Customers can rest assured that cars repaired by these certified repair centers receive the same excellent services as those of manufacturers or dealers' repair centers. Moreover, all repair services are guaranteed by the company.

Over 6,568 agents nationwide: They are ready to give reliable and straightforward insurance-related advices to meet customers' needs.

Viriyah 24-hour Customer Service Hotline : 1557
Customers are our outmost priority and providing top quality care to our customers is one of our core values. Our claim reporting available 24 hours a day. Our customer care agent can also provide information on car repair processes and repair work follow-ups, as well as receiving feedback and complaints from customers.

Marketing Highlights

Viriyah Insurance has continued to achieve outstanding marketing performance, having maintained the largest market share in the non-life insurance industry for 19 consecutive years (from 1992 to 2010). In 2010, the company had 16.34 percent of total market share. For automobile underwriting, the company has won the trust and confidence of major policy holders in Thailand for over 24 years (from 1987 to 2010) with the automobile insurance market share of 24.93 percent in 2010.

Prestigious Prizes and Awards

INTERNATIONAL STAR FOR LEADERSHIP IN QUALITY AWARD

Viyah has been awarded “the International Star for Leadership in Quality Award” of Business Initiative Directions (B.I.D.) The award is presented in recognition of those companies or organizations in different countries throughout the world that further their reputation and position by continuous implementing and promoting quality culture. The award recognizes and encourages the contribution of companies and organizations to quality continuous improvement and customer satisfaction as well as improving relations with employees, suppliers and all those associated with the company.

THE BEST INSURANCE COMPANY AWARDS

Viriyah has won the Best Insurance Company Awards at the annual Thailand’s Motor Shows for the 7th consecutive years, (2004-2010). Winners are selected by committee members representing the Society of Automotive Engineers Thailand, the Thai Automotive Journalists Association, the Royal Automobile Association of Thailand, and Grand Prix International Company Limited. This testifies to the company’s outstanding achievements, commitment and dedication to quality and fair services, professionalism, and determination to move forward.

THAILAND'S MOST ADMIRABLE NON-LIFE INSURANCE BRAND

Viriyah Insurance was voted the number one insurance company for seven consecutive years by Thailand's consumers according to the "Thailand's Most Admired Brand & Why We buy?" research. The research, conducted by Brand Age magazine, illustrates the views and behavior of consumers all over Thailand, which indicated that "Viriyah Insurance Co., Ltd. is the non-life insurance company that has gained the highest trust and confidence of the people for the seventh consecutive year as the winner of this award."

INSURANCE COMPANY OF THE YEAR 2009 - THAILAND AWARD

The year 2009 was another year of honor and pride for Viriyah Insurance Company Limited. The company received the prestigious 'Insurance Company of the Year – Thailand' Award from the World Finance, an internationally known financial magazine based in the United Kingdom. The award is given annually to honor a successful insurance company with an outstanding reputation.

PRIME MINISTER ROAD SAFETY AWARD

The initiatives and campaign activities to reduce road accidents that Viriyah Insurance have implemented in earnest all these years resulted in the company receiving the prestigious 'Prime Minister Road Safety Award' in 2010. The award is not only our pride but also a driving force that contributes to the government recognizing the importance of road accident reduction and making road safety a national agenda.

Our Social Contributions in 2010

Viriyah Insurance and Corporate Social Responsibility

Viriyah Insurance Company is a public-minded non-life insurance organization. In addition to its determination to offer life and property security to Thai people, the company adheres to the principles of sharing and creating benefits for Thai society through ongoing genuine constructive activities and projects in the public interest. Moreover, the company cooperates with and provides support to a number of government and private organizations for the benefit of the public.

Road Safety Campaigns

Safety awareness campaigns have long been the key element or the foundation of the company's CSR activities.

From 1998 Viriyah Insurance has organized a number of activities and proactive campaigns to raise awareness and remind people to be safety conscious when using roads and vehicles. These activities were carried out in cooperation with government agencies, private organizations, and non-government organizations such as the Ministry of Transport; the Department of Land Transport; the Police Traffic Division, the Highway Police Division, and the Information Division of the Royal Thai Police; the Don't Drive Drunk Foundation, etc. It gave the company great pride when the government recognized the importance of road safety and made it a national agenda.

One of the important projects jointly implemented on an ongoing basis is the "Vehicle Check-up for Safety" Project, which encourages travelers to check their vehicles to ensure their roadworthiness before embarking on a journey. Others include the "Road Safety during Long Holiday Campaign", "Driver License Training Course", "Pedestrian Safety" and "Helmets for Your Children" Projects. Another campaign was recently launched using mascots to convey the messages to advocate safety awareness and social responsibility among motorists "Don't Drive Drunk, Don't Drive Sleepy and Don't Use Cell Phones While Driving".

Environment Conservation

In addition to quality of life improvement and people's wellbeing, another important aspect of our CSR activities that we have always focused on is to encourage all members of society to play a part in environmental protection. This started with the Viriyah Chit Asa, a voluntary program through which employees made concerted effort to implement ongoing environment conservation projects such as the "Viriyah Takes Care of the World Project, which involved protection of the sea and coral growing activities around Kham Island, and the "Love Your Mom, Ask Her to Protect Marine Turtles" Project on the occasion of the Mother's Day. Other activities included and the "Return Green Power to Ractchaprasong" Project to celebrate the World Environment Day, and publication and distribution of environment conservation booklets such as "50 Ways to Reduce Global Warming" and "Waste Separation Manual". Moreover, the company is committed to sustainable environment conservation and has been a member of organizations such as the Thailand Environment Institute and the Thailand Environment Foundation.

Promotion of Education

Another goal of Viriyah Insurance is to promote education for youth by offering them opportunities to increase capacities in various aspects and reach their full potential. The expected outcome is for young people to dare to think, act, and express their feelings. Education is not limited to classroom learning. The company has created several projects such as the "Youth Safety Awareness' Project, which focuses on instilling in their minds the concept of precaution and self-protection from harm. Reading promotion, another national agenda, in carried out through various activities. The aim is to create lifelong learning society. Examples are the Dek Rak An, Ban Mi Suk (Kor Kai Sai Tu, Special Edition) Project, and the "Viriyah Rak An" Library Project at Ban Som Poi Village in Surin Province. Scholarships and school supplies have also been granted to young children through various projects, all of which are implemented on an ongoing basis.

Viriyah Insurance and Corporate Social Responsibility

Viriyah Insurance Company is a public-minded non-life insurance organization. In addition to its determination to offer life and property security to Thai people, the company adheres to the principles of sharing and creating benefits for Thai society through ongoing genuine constructive activities and projects in the public interest. Moreover, the company cooperates with and provides support to a number of government and private organizations for the benefit of the public.

Road Safety Campaigns

Safety awareness campaigns have long been the key element or the foundation of the company's CSR activities.

From 1998 Viriyah Insurance has organized a number of activities and proactive campaigns to raise awareness and remind people to be safety conscious when using roads and vehicles. These activities were carried out in cooperation with government agencies, private organizations, and non-government organizations such as the Ministry of Transport; the Department of Land Transport; the Police Traffic Division, the Highway Police Division, and the Information Division of the Royal Thai Police; the Don't Drive Drunk Foundation, etc. It gave the company great pride when the government recognized the importance of road safety and made it a national agenda.

One of the important projects jointly implemented on an ongoing basis is the "Vehicle Check-up for Safety" Project, which encourages travelers to check their vehicles to ensure their roadworthiness before embarking on a journey. Others include the "Road Safety during Long Holiday Campaign", "Driver License Training Course", "Pedestrian Safety" and "Helmets for Your Children (Rak Wua Hai Phuk, Rak Luk Hai Sai Muak Kan Nok)" Projects. Audit Report of Certified Public Accountant

To the shareholders of The Viriyah Insurance Co., Ltd.

I have audited the accompanying balance sheets of The Viriyah Insurance Co., Ltd. as at 31 December 2010 and 2009, and the related statements of income, changes in equity and cash flows for the years then ended. The Company's management is responsible for the correctness and completeness of information presented in these financial statements. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted my audits in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of The Viriyah Insurance Co., Ltd. as at 31 December 2010 and 2009, and the results of its operations and its cash flows for the years then ended in accordance with generally accepted accounting principles.

The Viriyah Insurance Co., Ltd.

Notes to the financial statements

For the years ended 31 December 2010 and 2009

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the directors on 24 March 2011.

1 General information

The Viriyah Insurance Co., Ltd., (“the Company”), is incorporated in Thailand and has registered head office at 121/14-29, 121/32, 121/38, 121/50, 121/65-67 and 121/104 RS Tower, 3rd-7th, 9th, 12th-13th, 19th-20th and 39th Floor, Rachadaphisek Road, Dindang, Bangkok.

The Company’s major shareholders during 2010 were Viriyabhun family group (33% shareholding), Viriyah Property Co.,Ltd. (30% shareholding), Thonburi Panich Leasing Co., Ltd. (10% shareholding), and The Ancient City Co., Ltd. (10% shareholding), of which these three companies were incorporated in Thailand.

The principal activities of the Company are the provision of non - life insurance.

2 Basis of preparation of the financial statements

The financial statements issued for Thai reporting purposes are prepared in the Thai language. This English translation of the financial statements has been prepared for the convenience of readers not conversant with the Thai language.

The financial statements are prepared and presented in Thai Baht. All financial information presented in Thai Baht has been rounded in the notes to the financial statements to the nearest thousand unless otherwise stated. They are prepared on the historical cost basis except as stated in the accounting policies.

The financial statements are prepared in accordance with Thai Financial Reporting Standards (“TFRS”) and guidelines promulgated by the Federation of Accounting Professions (“FAP”) and with generally accepted accounting principles in Thailand. In addition, the financial statements are prepared in accordance with the Notification of Registrar No. 10/2545 dated 6 March 2002, governing the format of the financial statements of non-life insurance companies.

During 2010, the FAP announced the re-numbering of the following TFRS:

Former no.	Revised no.	Topic
TAS 11	TAS 101	Doubtful Account and Bad Debts
TAS 26	TAS 102	Income Recognition For Real Estate Business
TAS 27	TAS 103	Disclosures in the Financial Statements of Banks and Similar Financial Institutions
TAS 34	TAS 104	Accounting for Troubled Debt Restructuring
TAS 40	TAS 105	Accounting for Investment in Debt and Equity Securities
TAS 42	TAS 106	Accounting For Investment Companies
TAS 48	TAS 107	Financial Instruments Disclosure and Presentation

The Company has adopted the revised Framework for the Preparation and Presentation of Financial Statements (revised 2009), which was issued by the FAP during 2010 and effective on 26 May 2010. The adoption of the revised framework does not have any material impact on the Company's financial statements.

The FAP has issued during 2010 a number of new and revised TFRS which are not currently effective and have not been adopted in the preparation of these financial statements. These new and revised standards and interpretations are disclosed in Note 25.

The Company has taken advantage of exemptions available under an announcement made by the FAP on 20 July 2007 and has not adopted the following TAS:

TAS 14	Segment Reporting (formerly TAS 24)
TAS 24	Related Party Disclosures (formerly TAS 47)
TAS 107	Financial Instruments: Disclosure and Presentation (formerly TAS 48)

The preparation of financial statements in conformity with TFRS requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates and recognised in the period in which estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Note 5	Investments in securities
Note 6	Loans
Note 7	Hire-purchase receivables
Note 9	Premises and equipment
Note 10	Premiums due and uncollected

Note 11	Other receivables
Note 12	Intangible assets
Note 14	Unearned premium reserve
Note 15	Loss reserves and outstanding claims
Note 24	Contingent liabilities

3 Significant accounting policies

(a) Foreign currencies transactions

Transactions in foreign currencies are translated to Thai Baht at the foreign exchange rates ruling at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to Thai Baht at the foreign exchange rates ruling at that date. Foreign exchange differences arising on translation are recognised in the statement of income.

(b) Cash and cash equivalents

Cash and cash equivalents comprise cash balances, call deposits and highly liquid short-term investments.

(c) Premiums due and uncollected and due from reinsurers

Premiums due and uncollected and due from reinsurers are stated at their invoice value less allowance for doubtful accounts.

The allowance for doubtful accounts is assessed primarily on analysis of payment histories and future expectations of customer payments. Bad debts are written off when incurred.

(d) Investment in securities

Investments in debt and equity securities

Debt securities and marketable equity securities held for trading are stated at fair value, with any resultant gain or loss recognised in the statement of income.

Debt securities that the Company has the positive intent and ability to hold to maturity are classified as held-to-maturity investments. Held-to-maturity investments are stated at amortised cost, less any impairment losses. The difference between the acquisition cost and redemption value of such debt securities is amortised using the effective interest rate method over the period to maturity.

Debt securities and marketable equity securities, other than those securities held for trading or intended to be held to maturity, are classified as available-for-sale investments. Available-for-sale investments are, subsequent to initial recognition, stated at fair value, and changes therein, other than impairment losses and foreign currency differences on available-for-sale monetary items, are recognised directly in equity. Impairment losses and foreign exchange differences are recognised in the statement of income. When these investments are derecognised, the cumulative gain or loss previously recognised directly in equity is recognised in the statement of income.

Where these investments are interest-bearing, interest calculated using the effective interest method is recognised in the statement of income.

Equity securities which are not marketable are stated at cost less impairment losses.

The fair value of investments in securities classified as held-for-trading and available-for-sale is determined as the quoted bid price at the reporting date.

Disposal of investments

On disposal of an investment, the difference between net disposal proceeds and the carrying amount together with the associated cumulative gain or loss that was reported in equity is recognised in the statement of income.

If the Company disposes part of its holding of a particular investment, the deemed cost of the part sold is determined using the weighted average method applied to the carrying value of the total holding of the investment.

(e) Loans

Loans are stated at the principal amounts.

The Company provides an allowance for doubtful accounts based on the overdue period and the collateral value.

(f) Hire-purchase receivables for auto

Hire-purchase receivables for auto are stated at the outstanding balances of hire-purchase agreements after deducting unearned interest income and allowance for doubtful accounts.

The Company provides an allowance for doubtful accounts, equal to the estimated losses which might be incurred in the collection of all receivables. The estimated losses are based on the analysis of payment histories and future expectations of receivable payments. The basis of allowance for doubtful accounts is computed at the rate of 2% of outstanding hire-purchase receivables after deducting unearned interest income. Bad debts are written off when incurred.

The Company's method for calculating the allowance for doubtful accounts is different from the method prescribed in the accounting guideline issued by the Institute of Certified Accountants and Auditors of Thailand ("ICAAT") Re: Providing allowance for doubtful accounts for consumer finance business ('ICAAT Guideline'). The ICAAT Guideline prescribes that allowance for doubtful accounts should be made in full for all outstanding receivables that are overdue for over 3 installment periods without the deduction of collateral values. The Company has a policy to set up allowance for doubtful accounts by its statistics of incurred bad debt in the past 4 years. The Company has an annual average actual bad debt of approximately 1.5% of outstanding hire-purchase receivables after deducting unearned interest income. However, management consider that the Company's policy for calculating the allowance for doubtful accounts is appropriate to the risk of the Company.

(g) **Premises and equipment**

Owned assets

Land are stated at cost. Building and equipment are stated at cost less accumulated depreciation and impairment losses.

Depreciation

Depreciation is charged to the statement of income on a straight-line basis over the estimated useful life of each part of an item of premises and equipment. The estimated useful lives are as follows:

Buildings	20 years
Building improvements	20 years
Utility systems	5 years
Vehicles	5 years
Furniture and office equipment (excluded computer equipment)	5 years

Buildings which were acquired before 1988 are depreciated by constant percentage of declining-book value method at the rate of 5% per annum.

Computer equipment, are depreciated by the sum of-the-year-digits method of 5 years.

No depreciation is provided on freehold land or assets under construction and installation.

(h) **Intangible assets**

Company software and system development

Computer software and system development that are acquired by the Company are stated at cost less accumulated amortisation and impairment losses.

Amortisation

Amortisation is charged to the statement of income on a straight-line basis from the date that intangible assets are available for use over the estimated useful lives of 5 and 10 years.

(i) **Impairment**

The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amounts are estimated.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. The impairment loss is recognised in the statement of income.

When a decline in the fair value of an available-for-sale financial assets has been recognised directly in equity and there is objective evidence that the value of the asset is impaired, the cumulative loss that had been recognised directly in equity is recognised in the statement of income even though the financial assets has not been derecognised. The amount of the cumulative loss that is recognised in the statement of income is the difference between the acquisition cost

and current fair value, less any impairment loss on that financial assets previously recognised in the statement of income.

Calculation of recoverable amount

The recoverable amount of held-to-maturity securities is calculated as the present value of estimated future cash flows discounted at the original effective interest rate.

The recoverable amount of available-for-sale financial assets is calculated by reference to the fair value.

The recoverable amount of a non-financial asset is the greater of the asset's value in use and fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

Reversals of impairment

An impairment loss in respect of a financial asset is reversed if the subsequent increase in recoverable amount can be related objectively to an event occurring after the impairment loss was recognised. For financial assets carried at amortised cost and available-for-sale financial assets that are debt securities, the reversal is recognised in the statement of income. For available-for-sale financial assets that are equity securities, the reversal is recognised directly in equity.

Impairment losses recognised in prior periods in respect of non-financial assets are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(j) Unearned premium reserve

The Company set aside part of its premium income as unearned premium reserve as follows:

Fire, marine (hull), auto and miscellaneous	- Monthly average basis from net premium written (the one-twenty fourth basis)
Marine cargo	- Net premium written for the last ninety days
Travelling accident	- Net premium written for the last thirty days

(k) Loss reserves and outstanding claims

Loss reserves are taken up in the accounts upon receipt of claim advices from the insured, at the value appraised by an independent appraiser or the Company's appraiser, depending on the particular case. In addition, the Company set up a provision for losses incurred but not yet

reported (IBNR) based on the Company's experience which is not less than 2.5% of the net premiums written of the last 12 months, in compliance with the Notification of the Ministry of Commerce governing the appropriation of unearned premium reserve and loss reserve of non-life insurance companies.

(l) Due to reinsurers and other accounts payable

Due to reinsurers and other accounts payable are stated at cost.

(m) Provisions

A provision is recognised when the Company has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

(n) Revenue

Premium written is recognised on the date that the insurance policy comes into effect after deducting premium ceded and cancelled.

Reinsurance premium income is recognised upon receipt of written advice from reinsurer.

Interest income is recognised in the statement of income as it accrues. The Company ceases recognition of interest income from loans when the receivables are overdue interest for more than 6 months.

Dividend income is recognised in the statement of income on the date the Company's right to receive payments is established.

Income from hire-purchase

The Company recognised income from hire-purchase contracts by using "the effective interest rate method" according to TAS 17 (revised 2007) - Leases (formerly TAS 29).

The Company ceases recognition of interest income from hire-purchase when the receivables are overdue by more than 3 installment periods or where there is an indication of inability to repay. This is in compliance with the accounting method of setting up allowance for doubtful accounts to the consumer finance business adopted by the Institute of Certified Accountants and Auditors of Thailand No. Sor Nor.111/2547 dated 23 April 2004.

(o) Expenses

Commissions and brokerages

Commissions and brokerages are charged to current operations as incurred.

Other expenses

Other expenses are charged for the period in which they are incurred.

Operating lease

Payments made under operating leases are recognised in the statement of income on a straight-line

basis over the term of the lease. Lease incentives received are recognised in the statement of income as an integral part of the total lease payments made. Contingent rentals are charged to the statement of income for the accounting period in which they are incurred.

Finance costs

Interest expenses and similar costs are charged to the statement of income for the period in which they are incurred.

(p) Income tax

Income tax on the profit or loss for the year comprises current tax which is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

4 Related party transactions and balances

The information disclosed under this note does not represent the adoption of TAS 24: Related Party Disclosures (formerly TAS 47).

Related parties are those parties linked to the Company as shareholders or by common shareholders or directors. Transactions with related parties are conducted at prices based on the basis determined by the related companies concerned or where no market price exists, at contractually agreed prices.

Significant transactions for the years ended 31 December 2010 and 2009 with related parties were as follows:

	(in thousand Baht)	
	2010	2009
Premiums written	6,130	1,462
Interest income from hire-purchase	100	362

Balances as at 31 December 2010 and 2009 with related parties were as follows:

	(in thousand Baht)

18 Reserves and surpluses

Fair value changes

The fair value changes account within equity comprises the cumulative net change in the fair value of available-for-sale financial assets until the investments are derecognised or impaired.

Legal reserve

The legal reserve is set up under the provision of the Civil and Commercial Code, which requires that a company shall allocate not less than 5% of its net profit, to a reserve account (“legal reserve”) upon each dividend distribution, until the balance reaches an amount not less than 10% of the registered authorised capital. The legal reserve is not available for dividend distribution.

General reserve

The general reserve was appropriated according to the resolution of shareholders for the Company’s general purposes.

19 Personnel expenses

	(in thousand Baht)	
	2010	2009
Salaries, wages and bonus	1,293,901	1,280,665
Contribution to provident fund	62,178	58,250
Others	138,456	116,618
Total	1,494,535	1,455,533

The provident fund was established by the Company for its employees. Membership to the fund is on a voluntary basis. Contributions are made monthly by the employees at 7.5% of their basic salaries and by the Company at 7.5% of the employees' basic salaries. The provident fund is registered with the Ministry of Finance as juristic entity and is managed by a licensed Fund Manager.

20 Income tax expense

The current tax expense in the statements of income is different from the amount determined by applying the Thai corporation tax rate to the accounting profit for the year principally because the different treatment for accounting and taxation purposed of certain items of income and expense, in particular, unrealised gain (loss) on trading securities, allowance for doubtful accounts, allowance for impairment, unearned premium reserve and loss reserves.

21 Basic earnings per share

The calculations of basic earnings per share for the years ended 31 December 2010 and 2009 were based on the profit for the years attributable to equity holders of the Company and the number of equivalent fully paid-up shares outstanding during the years as follows:

	(thousand Baht / thousand shares)	
	2010	2009
Profit attributable to equity holders of the Company	1,414,936	1,351,884
Number of equivalent fully paid-up		
ordinary shares outstanding	17,000	17,000
Basic earnings per share (Baht)	83.23	79.52

22 Capital Management

The Board's policy is to maintain a strong capital fund base so as to maintain stakeholders confidence.

(thousand Baht / thousand shares)

23 Commitments with non-related parties

Commitments under office rental and service agreements

	(in thousand Baht)	
	2010	2009
Commitment from lease and service agreements		
which can not be cancelled		
Within one year	229,298	213,323
After one year but within five years	228,596	314,232
After five years	40,535	33,927
Total	498,429	561,482

The Company has various outstanding lease agreements on premises, land, building and equipment. The Company has commitments to pay the rental and service fees on monthly basis.

24 Contingent liabilities

As at 31 December 2010, lawsuits have been brought against the Company, in relation to insurance claims in the normal course of business totalling approximately Baht 839 million (2009: Baht 927 million). The Company's management believes that the recorded amount of provision in the financial statements for potential losses in respect of those claims is adequate.

Letter at attached with Voluntary Motor Insurance Policy M.V.03 as at 31 December 2010 in the amount of Baht 100 million (2009: Baht 80 million) were pledged as collateral for various purposes.

25 Thai Financial Reporting Standards (TFRS) not yet adopted

The Company has not adopted the following new and revised TFRS that have been issued as of the reporting date but are not yet effective. The new and revised TFRS are anticipated to become effective for annual financial periods beginning on or after 1 January in the year indicated in the following table.

TFRS	Topic	Year effective
TAS 1 (revised 2009)	Presentation of Financial Statements	2011
TAS 7 (revised 2009)	Statement of Cash Flows	2011
TAS 8 (revised 2009)	Accounting Policies, Changes in Accounting Estimates and Errors	2011
TAS 10 (revised 2009)	Events after the Reporting Period	2011
TAS 12	Income taxes	2013
TAS 17 (revised 2009)	Leases	2011

TFRS	Topic	Year effective
TAS 19	Employee benefit	2011
TAS 23 (revised 2009)	Borrowing Costs	2011
TAS 24 (revised 2009)	Related Party Disclosures	2011
TAS 27 (revised 2009)	Consolidated and Separate Financial Statements	2011
TAS 28 (revised 2009)	Investments in Associates	2011
TAS 33 (revised 2009)	Earnings per Share	2011
TAS 34 (revised 2009)	Interim Financial Reporting	2011
TAS 36 (revised 2009)	Impairment of Assets	2011
TAS 37 (revised 2009)	Provisions, Contingent Liabilities and Contingent Assets	2011
TAS 38 (revised 2009)	Intangible Assets	2011
TAS 40 (revised 2009)	Investment Property	2011
TFRS 3 (revised 2009)	Business Combination	2011
TFRS 5 (revised 2009)	Non-current Assets Held for Sale and Discontinued Operations	2011

Management expects to adopt and apply these new and revised TFRS in accordance with the FAP's announcement and is presently considering the potential initial impact on the Company's financial statements. Those TFSRS which assessed to have the greatest potential impact on the financial statements are as follows:

TAS 19 - Employee benefits

As TAS 19 will become effective from 1 January 2011, therefore for the year 2010, the Company does not presently account for the costs of post-employment benefits under defined benefit plans, other long-term employee benefits, and termination benefits until such costs are incurred. The new TAS 19 includes the requirements to recognise and account for such costs in the period in which the service is performed. The requirements are complex and require actuarial assumptions to measure the obligation and expense. Moreover, the obligations are measured on a discounted basis because they may be settled many years after the employees render the related service. The transitional provisions of TAS 19 permit the transitional liability to be recognised and accounted for in one of four different ways:

- (i) retrospectively;
- (ii) immediately in equity (retained earnings) at the transition date;
- (iii) immediately in profit or loss at the transition date;
- (iv) as an expense on a straight-line basis over up to five years from the transition date.

Management is in the process of evaluating the transitional liability as at 1 January 2011 for post-employment benefit of this new standard, and management intends to adopt transitional provision (ii) to recognise and account for this liability.

26 Reclassification of accounts

Certain accounts in the statement of income for the year ended 31 December 2009 have been reclassified to conform to the presentation in the 2010 financial statements as follows:

	(in thousand Baht)		
	2009		
	Before reclassification	Reclassification	After reclassification
Statement of income			
Other underwriting expenses	377	57,224	57,601
Other operating expenses	535,137	(57,224)	477,913
		-	
Statement of cash flows			
Other underwriting expenses	(377)	(57,224)	(57,601)
Operating expenses	(3,661,277)	57,224	(3,604,053)
		-	

The reclassifications have been made because in the opinion of management, the new classification is more appropriate to the Company.

Business Network

Viriyah Insurance is part of a group of long established companies with a diversified range of related businesses that complement its insurance business to meet customers' needs. The others, which mirror the solid foundation of the company, include:

1. Viriyah Panich Co., Ltd.

The company was founded in 1917 as a producer of wood lacquer under the "Pla Tapian" brand and the "Viriyah" cough syrup; both of which are currently produced and widely distributed.

2. Thonburi Panich Co., Ltd.

The company was founded in 1941 as the first step into the automobile industry. The company operates its maintenance service and import automobile parts from Mercedes-Benz in Germany.

3. Thonburi Auto Assembly Co., Ltd.

The company was founded in 1961 as a formal assembly plant and distributor of C-Class, E-Class, S-Class and A-Class Mercedes-Benz automobiles in Thailand under the universal standard of Daimler-Chrysler AG Co., Ltd., in Germany. The company also performs assembly work for Hyundai Sonata model for Hyundai Motors (Thailand) Company Limited, and for Tata Motors Thailand Company Limited. At present, the company has two assembly plants that are recognized by leading automobile manufacturers for their quality and technology, considered to be among the top in Southeast Asia. The plants received ISO standard certification, namely ISO 9001:2002, ISO/TS169 49:2002 and ISO 14001:2004 from TV Rheinland and recently received the 2008 Best Mercedes-Benz Assembly Plant Award from Daimler A.G. in Germany.

4. Ancient City Co., Ltd.

The company was established in 1972 for the purpose of enlightening Thai people on the social and cultural glories of Thailand and teaching our young generations about the precious wisdom of their ancestors. In addition to the Ancient City (a Thai authentic and traditional-oriented city at Bang Pu Mai sub-district, Samutprakan Province), the Erawan Museum (at Samroang Sub-District, Chon Buri Province) and the Sanctuary of Truth (at Na Klua sub-district, Chon Buri Province) were later established for the same purpose. These three cultural tourist attractions give Thais and foreigners opportunities to learn about the past of Thailand that gave rise to its present social and cultural context.

5. Viriyah Business Co., Ltd.

The company was founded in 1985 as a printed media company, with two publishing houses: Sarakadee and Muang Boran Publishing houses, which produce “Sarakadee” magazine, Muang Boran periodicals, and a guidebook “Traveling in Thailand with Mr. Rob-ru”.

6. Viriyah Supply Co., Ltd.

The company was founded in 1991 as an automobile part supplier catering to repair facilities under The Viriyah Insurance’s contracts. The auto-part supply company, undoubtedly, ensures the quality of auto parts, speedy services, and avoidance of auto part shortage problems.

7. Viriyah Car Body Service Co., Ltd. (VCB)

The company, located in Pak Kret District in Nonthaburi Province, was founded in 2001. It is officially appointed by Mercedes Benz (Thailand) Company Limited to be an exclusive Mercedes-Benz repair facility in Thailand. The company offers Mercedes-Benz owners and Viriyah Insurance’s clients with specialized tools, materials, equipment, and sophisticated technology for each model as well as skilled mechanics. Scheduled check-up services are also available.

What I did today is very important
Because I have sacrificed
a day of my life in compensation.
